

iMatJet[®]

patented and designed by imtech

ALL ABOARD THE LAZY TRAIN

With iMatJet's® comfortable, inflatable design and powerful electric motors, you'll be cruising in comfort in no time - no prior experience necessary!

FLOAT AWAY YOUR WORRIES

Escape the stresses of everyday life with the world's first motorized water lounger. With iMatJet®, you can relax and unwind on the water without a care in the world.

THE GREEN MACHINE

Say goodbye to noisy, polluting watercraft - with iMatJet's® electric motors, you can enjoy a peaceful, eco-friendly ride on any body of water.

THE ULTIMATE SUMMER TOY

Looking for a fun and unique way to enjoy the water this summer? Look no further than iMatJet® - the inflatable lounge with an electric motor!

FLOAT LIKE A PRO

No experience required - iMatJet® is the perfect watercraft for anyone looking for a fun and easy way to explore the water. Just inflate, hop on, and go!

EASY BREEZY ASSEMBLY

With iMatJet®, you won't need any tools or complicated instructions to get started. Simply inflate your water lounge, attach the electric motors, and you'll be on the water in under 10 minutes!

PUMP IT UP!

With iMatJet's® included electric pump, inflating your water lounger has never been easier. Just plug it in, hit the switch, and you'll be ready to go in no time!

QUALITY YOU CAN TRUST

With a team of German engineers at the helm, iMatJet® is built to the highest standards of quality and craftsmanship. You can be confident that your water lounge will provide years of reliable, high-performance cruising, thanks to the extensive experience and expertise of our development team.
